Sister bluebird flying high above
Shine your wings forward to the sun
Hide the myst'ries of life on your way
Though you've seen them, please don't say a word
What you don't know, I have never heard

Starship trooper, go sailing on by
Catch my soul, catch the very light
Hide the moment from my eager eye
Though you've seen them, please don't tell a soul
What you can't see, can't be very whole

Speak to me of summer

Long winters longer than time can remember

The setting up of other roads

To travel on in old accustomed ways

I still remember the talks by the water

The proud sons and daughter

That knew the knowledge of the land

Spoke to me in sweet accustomed ways

Mother life, hold firmly on to me
Catch my knowledge higher than the day
Lose as much as only you can show
Though you've seen me, please don't say a word
What I don't know, I have never shared

Loneliness is a power that we possess to give or take away fore ver

All I know can be shown by your acceptance of the facts there s hown before you

Take what I say in a different way and it's easy to say that th is is all confusion

As I see a new day in me, I can also show it you and you may fo llow

Speak to me of summer

Long winters longer than time can remember

The setting up of other roads

To travel on in old accustomed ways

I still remember the talks by the water

The proud sons and daughter

That knew the knowledge of the land

Spoke to me in sweet accustomed ways
