

Sweetness

Yes

She brings the sunshine to a rainy afternoon
She puts the sweetness in, stirs it with a spoon
She watches for my moods, never brings me down
She puts the sweetness in all around

She knows just what to say
She makes me feel so good inside
And when I'm all alone
I feel I don't want to hide, hide, hide

Today she brought me in, told me where she'd been
She put my mind at rest, put the sweetness in
I'll ask her for some time to go and look around
She puts the sweetness in with a sound

She knows just what to say
To make a sunny day
And when I'm all alone
I really don't feel that way

Tell me, how would you feel
With no world of your own and nobody to hold?
I just can't see the way
I'm so glad it's today and you're here, you're here

She brings the sunshine to a rainy afternoon
She puts the sweetness in and stirs it with a spoon
She watches for my moods, never brings me down
She puts the sweetness in all around

She knows just what to say
To make a sunny day
But when I'm all alone
I really don't feel that way

Oh how I need her so
I know she'll never ever go
She'll never leave me, believe me, no
She'll never go, no no no
