

**Then**

**Yes**

And in a time that's closer  
Life will be even bolder then  
Souls will be complicated  
Life will be consummated then  
Hearts will be brought together  
Soon in our minds forever then

As long as we see  
There's only us who can change it  
Only us to rearrange it  
At the start of a new kind of day

Love is the only answer  
Hate is the root of cancer then  
Truth is just for the being  
And there's the sight for seeing then  
Thoughts will be thought together  
Soon in our minds forever then

As long as we see  
There's only us who can change it  
Only us to rearrange it  
At the start of a new kind of day

And in a time that's closer  
Life will be even bolder then  
Love is the only answer  
Hate is the root of cancer then  
Thoughts will be thought together  
Soon in our minds forever then
