

## Magic City

Yngwie Malmsteen

Well it seemed to me  
That the place to be  
Was far away  
From the dark and the cold

So I sailed away  
Into the sun  
across the blue sea  
Magic city is my home  
Where I wanna be  
Forever more

Well I had to go away  
I just couldn't stay  
Where the cold winds blow  
And I'm surrounded by ice and snow  
So I sailed away  
Into the sun  
Across the blue sea

Magic city is my home  
Where I wanna be  
Forever more  
Magic city is my home  
Where I wanna be  
Forever more
