

A Worrying Thing

Yo La Tengo

Will you ever say what I fear you're dying to say
Well, I don't mind, if I don't think about it
Another sleepless night reading over by the only light
But I don't mind if I don't think about it
What scares me most,
I'll keep from you,
if you want me to I'll keep from you

Does it makes sense to you, getting old, living life 22
Well, I don't mind, if I don't think about it
Let's go far away,
Let's leave today,
if you want us to we'll leave today
Will you ever say...?
