

Can't Forget

Yo La Tengo

Seems like falling down
Or away lost at sea
Or the one that's left behind
Or the wake of you and me

Maybe I know that
Maybe it's better
But I can't forget the time

I know where I am
Every day every night
Like the one who knows too much
Trusts the same old thing

Maybe I know that
Maybe it's better
But I can't forget the time

Realizing nothing
I remember when

Maybe I know that
Maybe it's better
But I can't forget the time

Maybe I know that
Maybe it's better
Maybe it's nothing
But I can't forget the time
