

# I Was the Fool Beside You for Too Long

Yo La Tengo

I was the fool beside you  
I was the fool beside you  
I was the fool beside you  
For too long

I was the fool beside you  
I was the fool beside you  
I was the fool beside you  
For too long

The things about you that would drive me wild  
Still drive me wild  
But now in a different way

I was the fool beside you  
I was the fool beside you  
I was the fool beside you  
For too long
