

# Pass the Hatchet, I Think I'm Goodkind

Yo La Tengo

Unplug the microphone  
The ticker tape scream  
They're all desensitized  
Grown so backwards  
Crush a ...  
Well it's slide slide slide  
Down the water slide  
Slide slide slide  
Down the water slide

Unplug the microscope  
The ticker tape stream  
...  
It's easy to be quiet  
But harder than it seems  
While I slide slide  
Down the water slide  
Slide slide slide  
Down the water slide

Unplug the microphone  
The ticker tape screams  
Then I burst through  
On a sound attack  
Can't see for miles  
Can't see the pavement for the street  
Well it's slide slide slide  
Down the water slide  
Slide slide slide  
Down the water slide
