

## Sugarcube

Yo La Tengo

Whatever you want from me  
Whatever you want I'll do  
I'll try to squeeze a drop of blood  
From a sugarcube

Try to be more assured  
Try to be more right there  
Try to be less uptight  
Try to be more aware

Whatever you want from me  
Is what I want to do for you  
Sweeter than a drop of blood  
On a sugarcube

And though I like to act the part of being tough  
I crumble like a sugarcube for you

Whatever you want from me  
Whatever you want I'll do  
I will try

Whatever you want from me  
Whatever you want I'll do  
I'll try to squeeze a drop of blood  
Squeeze a drop of blood from a sugarcube
