

Well You Better

Yo La Tengo

Heard your voice in my head too soon
Pass girl, say it
It all could come, oh baby make up your mind
Please make up your mind

So we let a stone unturned
Maybe that's a lesson learned yea
Please make up your mind before it's too late

I didn't wish you'd turn that much
That's where I troll the letter such
Oh baby, make up your mind
Please make up your mind

There's always more to see but it'll keep go another
day hard
Baby make up your mind before it's too late

We can't have the light
It all worked out this time
And everything's fine now
Please make up your mind
Please make up your mind

But if it's up, it's up to me
A much shorter I'll come see yea
You better make up your mind before it's too late
Baby make up your mind 'fore it's too late
You better make up your mind 'fore it's too late

Baby make up your mind
Baby make up your mind
Oh Baby make up your mind fore it's too late
