

You Tore Me Down

Yo La Tengo

Everybody knows
That you've been untrue
You've gone and broke my heart
And made me blue

Turn my head around
When you tore me down

If I had a choice
I might be sad
'cause when I hear yr voice
It makes me glad

Baby's not around
But she's leaving town

Baby
Baby
Don't run away
I want you to stay
I'm sorry
So sorry
I made you blue
And now you should be sorry too
Should be sorry too

Now I'm so alone
Yr far away
I sit here at home
No words to say

To anyone around
'cause you tore me down

Tore me down
Tore me down
Tore me down
