

Ride with me
Through the mansion grounds
The bored security
And the nervous pack of hounds
Ride with me
Through the electric gate
To where the wild old world
And her cageless creatures wait
Ride with me
Top down we'll take it in last time around
And we'll be OK
And we won't slow down
Sweet home for the holidays
And has never changed so much
Though I keep my pockets full of it
There's never change enough
Embrace yourself
Let the lost souls twist and shout
Embrace yourself
While the young ones figure out
Escape yourself
If only greed could save me now
Roll up Roll up
My shifty-handed friends
There's a killing here
To make before the end
Roll up Roll up
We have seen such things
And we are still so young
The king is dead long live the king
Sweet home for the holidays
And it's never changed so much
And I'd keep my habits out of it
If I could kick 'em hard enough
So brace yourself
Let the Lost souls twist and shout
Embrace yourself
When the young hearts figure out
Escape yourself
If only greed could save me now
Bells fade into the west wind
Something's scratching at the window trying to get in
Brace yourself.
Embrace yourself
When the young hearts figure out
Escape yourself
If only greed could save me now
If only greed could save me now
