

# Wasteland Waltz

Yoav

This is place is wasteland  
Its written all over your face  
The strip mall stretch out in to skyscrapers sprawled up into s  
pace

I've got to get out of here  
Before it gets into us  
I swear we can slip out the door  
While there's life still to taste  
Before the first light hits the steel eyes  
We'll make our escape

Do you think you're the only one,  
Starving for wonder?  
'Cause you're not the only one,  
Who's going under

We'll sneak through the streets  
Cooly watching the ghostly unglow  
There's no need for road signs  
to read the map to follow

Straight into the darkness ahead  
And into the silence  
Where everything dissapears  
And no one can ever find out

Empty faces  
Another spaces close  
Silent faces  
Steal these wasted souls  
Soon we'll be gone now  
Soon we'll be gone now

This is place is a wasteland  
It's written all over your face  
Let's slip through the cracks in the floor now  
There's no time to waste

I've got to out of here  
Before it gets into us  
I swear
