

Picture Perfect

Yodelice

Break the mold to
Feed the lone and hungry souls
See them chirping
Silence is the truth, behold

Brush away, picture perfect, picture vain
Just might be an empty shell, wash the pain

We watch the pain

Where's the world for
Those who love and those who pray ?
See them trying
Hell is just one smile away

Brush away, picture perfect, picture vain
Just might be an empty shell, wash the pain

We watch the pain
We watch the pain
We watch the pain
