

Safe & Scarred

Yodelice

Scarred without a fight, no scare no fright
Careless is the night, no skin no sky
Crouching in my pain, my ghost my host
Nighmaring in vain, for fear is lost

Oh...

New eyes in a spin to stare, to scare
Unify my skin, no share, no spare
Blessed be the monster, escape and seek
Greeting disaster to shield, to shriek

Oh...

My scare my scar, my broken skin
See through me, see, can't you see through me, see...

Oh...
