

# Don't Let Go

YOHIO

Take my hand and walk with me  
I wanna show you that this life we live  
is more than you can see  
Tonight I want you to feel free  
Tonight I want you to rely on me  
like it's supposed to be  
You know I miss you, baby I miss you  
I never thought I'd dare to shout it out  
You know I miss you, I wanna see you now

Don't let go, 'cause I'll never leave you  
Don't let go, 'cause I wanna be there for you  
and I know that you want it too  
Tonight I'm gonna be with you  
Don't let go, 'cause I'll never leave you  
Don't let go, 'cause I wanna be there for you  
and I know that you want it too  
Tonight I'm gonna be with you

There's no reason to be shy  
'cause if you stay with me I promise you  
you'll never have to cry  
You know I miss you, baby I miss you  
You stole my heart and I don't want it back  
You know I miss you, I wanna see you now

Don't let go, 'cause I'll never leave you  
Don't let go, 'cause I wanna be there for you  
and I know that you want it too  
Tonight I'm gonna be with you  
Don't let go, 'cause I'll never leave you  
Don't let go, 'cause I wanna be there for you  
and I know that you want it too  
Tonight I'm gonna be with you

Never felt this way before,  
but how could I be so sure  
that you won't leave me outside your door  
You're the only one for me  
just how long will it take you to see?  
This world was made for you and me

Don't let go, 'cause I'll never leave you  
Don't let go, 'cause I wanna be there for you  
and I know that you want it too  
Tonight I'm gonna be with you  
Don't let go, 'cause I'll never leave you  
Don't let go, 'cause I wanna be there for you  
and I know that you want it too  
Tonight I'm gonna be with you;)
