

# Hold On

Yolanda Adams

You've Got dream and  
You've got goals there's a vision burning down in your soul  
But hold on  
There's nothing that you can't do  
You've gotta be driven,  
Motivated too  
Stir up the gift that God has placed in you  
Hold on  
The Futures looking bright for you

No matter how hard it seem  
Never give always believe  
Hold on, hold on to your dreams  
Though your facing adversities  
You can still be all you wanna be  
Hold on, hold on to your dreams

Determination is the key  
In this cold world, if your gonna succeeded  
Hold On  
There's nothing that you can't do  
Don't be discouraged by the trials you face  
Cause your beautiful mind would be a terrible thing to waste  
Hold on Hold on  
The futures looking bright for you

Hold on, be strong (Never let noboby tell you can't make it)  
Hold your head up high, keep your eyes on the prize  
(Your dreams are met for you to obtain)  
And Your labor is not in vain
