My Desire

Yolanda Adams

Take away any desire in me that hurts You Take away anything that stands between You and me I want to be what You created me to be It's my desire that You find favor in me Lord, take away anything that displeases You Take away any evil thought within me Take away anything that proves to break Your heart I want to be in sweet communion with You It's my desire to do everything You want me to do Lord, take away anything that displeases You Remove all doubt, all insecurity Erase all hate, all iniquity Discard all the fear found deep within me Lord, take away anything that displeases You

Take away Lord Take away Take away any desire in me that hurts You Take it away
