Yolanda Adams

When I think about how you saved my soul
I'm compelled to praise you
Like a woman out of control
So I lift up holy hands
I take advantage of this chance to say thank you
When I think about what you brought me through
I'm reminded to praise you for all that you had to do
So I lift up holy hands
I take advantage of this chance to say thank you
So from the bottom of my heart I say

Thank you, Thank you, Thank you

When I think about were you brought me from
I gotta praise you like the victories already won
And I lift my hands
I take advantage of this chance to say thank you
When I think about oh Lord yes
Why you love me so
I'm compelled to praise you because
I really don't care whose looking and who knows that I love you
And I lift up my holy hands
I take advantage of this chance to say thank you
Oh, everyday of my life I just wanna say

Thank you, (Thank you Lord) Thank you, (I gotta thank you) Thank you, (Because of who you been to me) Thank you, (You been a shealter in the storm) Oh and I Thank you You been a rock that I can stand on Thank you Lord And I say Thank you You been a bridge over any kind of water I gotta say Lord I thank you With all my heart with all my soul Everything within me says thank you Lord Thank you Lord Lord I thank you, Lord I thank you, Lord I thank you For all you done to me Thank you Lord Theres no words that I can say but you been good I can't thank you enough no no no no Thank you Lord (I just wanna thank you)

I wanna thank, I wanna thank you
I gotta thank you, just wanna thank you
I thank you yes, I thank you yes, I thank you yes
And I say....I wanna thank you
Said Lord I thank you yes
Thank you
