

# The Only Way

Yolanda Adams

Everywhere that I go  
I must tell everyone of the Savior I know  
And the things He has done  
He's the Truth and the Life  
And there's no other way to the Father  
But by him

Long ago when He knew you'd be out on a limb  
He gave His life for you  
Can't you live yours for him  
He's the Almighty Rock  
And you won't have a firm foundation  
Unless you're build on Him

You can't live without Him  
You can't move without Him  
You can't breathe without Him  
You can't think about doing one thing without Him  
You can't do without Him  
'Cause there's no you without Him  
Because He's the only way  
The only way

There's no other name  
Than the name of Jesus  
There's no one  
Than the one who frees us  
There's no other way  
No other way  
What more can I say?  
He's the only only way  
The only way
