

The Things We Do

Yolanda Adams

Everyday that goes by
Every moment you'll find
There's a broken heart
A tear is cried
A wish is made
That never comes true
And somewhere someone needs to be found

The things we do
The things we say
Are gentle rays of hope
That touch us all each day
Each day
The things we do (the things we do the things we say)
The things we say (the greatest gifts we give away)
These are the greatest gifts we give away
The things we do

Now everyday in this life
Every moment you'll find
A heart is healed
A dream is found
A tear is dried and laughter is heard
And somewhere someone's life will be changed

For the things we do (the things we do the things we say)
The things we say (the way we live our life each day)
Are gentle rays of hope that touch us all
Each day
(its all about the things we do its all about you and you)
The things we do (the things we do the things we say)
The things we say (the greatest gifts we give away)
These are the greatest gifts we'll give away
The things we do

Oh Every hand that has been held
Has reached out for somebody else
In every move we make
Every day we pass along this way
The things we do
The things we say
Are gentle rays of hope that touch us all
Each day
Oh The things we do
The things we say
These are the greatest gifts we'll ever give away
The things we do (the things we do)

So when you wake up in the morning
and you find someone whose lost and lonely
Just take him by the hand and help him find his way
When you're walking down the street and you see a man who has no food to eat
Just reach into your pocket and help make his day
I have a dream
I have a dream
I want to make a change
The things we do
