

# Wherever You Are

Yolanda Adams

Wherever you are, I wanna be  
It's never too far, it don't matter  
Just take me there

There's never a place too far  
Too far for me to go  
Cause I always feel at home with you

I'll cover the universe and land on every star  
If I can find out where you are - it's true

Mountain high - Valley low, Desert heat,  
Arctic cold - Wherever you are, that's where I want to be  
Mountain high - Valley low, Desert heat, Arctic cold.  
Wherever you are, that's where I want to be

Take me on a vision quest - And focus in on me  
So you can tell me what you see in me  
Please don't let me live a lie  
Let me live in honesty  
Cause you're the only truth that can set me free  
That's why I want to go

Mountain high - Valley low, Desert heat,  
Arctic cold - Wherever you are, that's where I want to be  
Mountain high - Valley low, Desert heat, Arctic cold.  
Wherever you are, that's where I want to be

Without you I feel like I could lose my mind  
That's why I can't let go  
I'll just keep on trying  
Seeking you to the end of all time  
following you any place, anywhere  
Cause wherever you are, I want to be there

Mountain high - Valley low, Desert heat,  
Arctic cold - Wherever you are, that's where I want to be  
Mountain high - Valley low, Desert heat, Arctic cold.  
Wherever you are, that's where I want to be
