Stones of my soul and your heart stays so cold
In the end it all remains a game. (Stones of my soul)
Everywhere I - everywhere for a different kind

Stones of my soul everywhere I go
Stones of my soul everywhere I go
Stones of my soul, stones of my soul
Everywhere that I go, stones of my soul

Stones of my state of mind
Stones of my heart
Everywhere I - everywhere for a different kind

Stones of my soul everywhere I go
Stones of my soul everywhere I go
Stones of my soul everywhere I go
Stones of my soul everywhere I go
