

I Can Hear The Grass Grow

You Am I

I see the people all in line, I'm thinking they look at me.

Can't imagine that their minds are thinking the same as me.

I can hear the grass grow.

I can hear the grass grow.

I see rainbows in the evening.

My head's attracted to a magnetic wave of sound.

Lead springs curly up girls are making their way around.

I can hear the grass grow.

I can hear the grass grow.

I see rainbows in the evening.

Can't seem to hold the mouth aside.

My senses follow with the skies

Yeah I won't do without my baby.

Yeah I need you to help now baby.

Yeah I won't do without now baby

Put your head down to the crowd and listen to your mind.

Think against the watch you found, I know that you're not my kind.

I can hear the grass grow.

I can hear the grass grow.

I see rainbows in the evening.

Can't seem to hold the mouth aside.

My senses follow with the skies

Yeah I won't do without my baby.

Yeah I need you to help now baby.

Yeah I won't do without now baby

See the people all in line I'm thinking they look at me.

Can't imagine that their minds are thinking the same as me.

I can hear the grass grow.

I can hear the grass grow.

I see rainbows in the evening.
