

Who Turned Out The Lights

You Am I

Fire one shot in the sky
to clear the shit and what it's trying to hide
On the other side.
Got a message from TV
I got it straight 'cause it's talking straight to me.
And now the news is made.
One more kick 'cause the hours ticking by.
Who turned out the lights?
Who turned out the lights?
I've been here before, I just expected so much more.
And everything's a cold sore at eighteen
And everywhere is where I've never been
And will I ever get clean?
I used to see the ground so plain.
The trees would stop so the sky could start again.
And now the news is made.
One more kick 'cause the hours ticking by.
Who turned out the lights?
Who turned out the lights?
I've been here before, I just expected so much more.
Who turned out the lights?
And if I didn't see so clearly with my eyes closed
Then what would I know?
Walk around at night to find something to stumble into
just 'cause it's something to do.
Oh yeah.
'Cause it's not where you live but if you sleep at
night.
Goodnight
One more kick 'cause the hours tick
One more prick 'cause the hours ticking by.
Who turned out the lights?
Who turned out the lights?
I've been here before, I just expected so much more.
Who turned out the lights.
