

Glory

You Say Party! We Say Die!

Listen to the right folks:
Go take a walk on the water.
Smoke the drugs
Eat her dope
Drink and sex
We are sick
Pray to a god
Write a letter, Let her lay his hands on your daughters.
Break the fast, change the past
Set her free, mother.
Walk the part.
Sex drugs boy

Listen to the right folks: go take a walk on the water
Reflect like a mirror, point forward like an arrow
pray to my god, write a letter, there are big hands around us
so take up courage, stand the storm, End of story.
Walk the part: Reflections, Arrows, Glory.
