Give me room to breathe and I'ma blow you away
I move a 100 bricks a week and do a show every day
Ayyyye, somebody gotta do it y'all
See I done been locked up and I don't know who tha call

Just to wake up early, afta hustlin' all night long (Yeh-eh-eh-eh-uhh)

My gun damn near bigga then me
I ain't tha nigga to beef
'Cause everytime a body drop, niggas mentionin' me
I see a judge in my dreams when he sentencin' me
My homeboi come in tha courtroom and hit him with 3
I got tha mind of a nigga 'bout to git him a kii (Yuh!)
All tha feins lined up, they just waitin' fo' me
Betta hurry-hurry, it's about to go down
And don't cha worry, I brought a 100 rounds (Buck!)
We gon' count to ten and then put tha clips in
Whoeva is tha last man standin' wins (C'monn)
You throw some money in tha hood and it always works
My niggas crazy, they'll dig a dead body from tha durrt (Yeahh)
Betta watch ya mouth, 'cause I been watchin' ya house
I'm in the bushes like "When dis nigga gon' come out?!"
It's enough of dis he say she say shit
Now it's time to find out who you wit'
