

All She Wanna Do

Young Dolph

She just wanna fuck, but I just wanna trap
The only thing I trust is God and my strap
knew I was a star, ever since I was a champ
Told my mama fuck cause I need some money right now

She just wanna fuck, but I just wanna trap
The only thing I trust is God and my strap
knew I was a star, ever since I was a champ
Told my mama fuck cause I need some money right now

I got shit to do, I got people to see
Packs to move nigga places to be
A hundred bands just for the jewelry, usually
When you see me, I'm rocking 2 or 3
In the trap you ain't a fool like me
Pussy nigga you can't move like me
Now there ain't shit like us, I'm a stay performin' with 2 Glocks tucked
Pull up on yo bitch with the top missing
An hour later now yo bitch missin'

I'll bring her back tomorrow when I'm finished
Said he want 30, I'm a send it, I ain't trippin' plug got plenty
Bought a V-Coupe just to serve in it and fuck nigga bitches
The lil deal you signed for, I spent that on a watch
The other deal that you signed for, I spent that on a car
I got into it with my business more cause I didn't wanna eat breakfast
Then all go went to shit, I just put on my shit and left

She just wanna fuck, but I just wanna trap
The only thing I trust is God and my strap
knew I was a star, ever since I was a champ
Told my mama fuck cause I need some money right now

She just wanna fuck, but I just wanna trap
The only thing I trust is God and my strap
knew I was a star, ever since I was a champ
Told my mama fuck cause I need some money right now
