What you know about about that?
On the roads and all my shows packed
New swag cause the flow got jacked
Fuck rap, going back to the trap
Limelight, is kind of bright
I don't handle bars, I ain't riding bikes
Rappers talk, they ain't trying to fight
Live the final life with the wildest nights
I just wanna ball, get away with selling Ps
I just wanna catch a show for two hundred G's
Free my nigga KK, free my big dawg Gucci
I'm the reason why your baby mother on her fucking knees

Sliding in some foreign, I heard police is looking for me
Fuck my court date, tell the judge I said fuck 'em
