

## Get Blow'd

Young Dolph

Hey

On the way to this paper, gotta go get it  
Ben' Franklyns never sleep so me neither  
Yeah, you know how we go  
slow moving, runnin' fast never slow  
Go get you own connect & watch how fast your money grow  
Wow, never put my trust in a ho, no  
I was born to be a fuckin' playa that's fo'sho  
And I ain't just talkin' about having different hoes  
Ain't you a player when you kick it whenever you want?  
I'm in South Memphis smoking kali weed & roll cones  
My and my on my 'lone  
If you ain't talking 'bout money then catch the dial tone

I roll one up, put it to the five  
Relax, inhale then I get blow'd  
I call her she came over  
Lookin' hella good I said: "Excuse me Ma'am, can I get blow'd?"

I'm standin right here but my mind gone  
I woke up this morning with my mind on  
Mula, middle finger to you  
Approach me the wrong way and the burner gonna BOO-YA  
She say "Wassup?" and I said "I just tryna get blow'd"  
I got bread but on my way schemin' to get mo'  
You smokin' good but I only smoke the best dope  
Come out everyday, fresh as fuck like is my dress code  
I light one up, inhale then exhale  
I always been different I gone left here  
Nigga turn that shit up I like my bass loud  
Said have a private smoke session and now a space tour

I roll one up, put it to the five  
Relax, inhale then I get blow'd  
I call her she came over  
Lookin' hella good I said "Excuse me Ma'am, can I get blow'd?"

Yeah
