Pull up on me with the bullshit, watch how I let it rain
Diamonds wrapped around my wrist like I just won the championship
But I remember way back in the day when my teachers told me that I was gon n
ever be shit
But but look at me now, check me out, I'm the shit
Too much to fit in the toilet bowl
I see a hundred million in my horoscope
I like bad bitches, I hate boring hoes.
Slamming these bitches like Lebron,
Skywalker OG in my lung,
I touch a bitch then she come
I invite a bitch over let her hit the weed
Hit her from the back, now I think she sprung
The next day I had to put that bitch out and make that bitch go hard

In the trunk got thirty pounds,
And all over I'm loud, y'all still smoking loud,
A couple of my niggas locked up, a couple of my niggas on the run
The new young nigga in the city now run shit like LeBron,
Everything I got come from the streets of South Memphis
If you ain't from over here, don't get caught over here slipping
Police hating on me 'cause the streets love me like LeBron,
Wasting me and my dogs tan, gotta make them pretty bucks

Call me LeBron, I'm a superstar,
Blowing loud blunts in my supercharge,
My championship diamonds look like ice water,
I go hard, but my whole team go harder.
