

# Meech

Young Dolph

Yeah  
Hey man, you seen my phone?  
Which one man?  
Not that phone the trap phone  
Paper route Business bitch

Yeah my bitch she bad  
All my niggas rich  
I got work for cheap  
Damn I feel like Meech  
Two-toned wraith  
On some big feet  
I fucked her to sleep  
Then jumped back in the streets  
Momma put me out  
I'm straight out the trap  
Stuffed a 100 in a box and sent it to cross the map  
I'm geeked up on the lean  
Counting while you sleep  
Everybody eat  
Damn I feel like meechee

My car don't got a top  
It's money when I talk  
Got a beam on my Glock  
And I'm drinking rock  
Lil momma so fine I went up in that pussy raw  
Then I fucked her friend  
She said, you a Dolph?  
They want me dead so now I'm flexing even harder!  
I pull up in that Ferraro rocking a lot of water  
Fucked her on the side  
It's a homicide  
Numbers don't lie  
My trap on fire  
Everytime you see my I be lit as fuck  
In the strip club throwing that shit up  
I feel like shawty low  
I'm the man  
Two-stepping counting paper that's my money dance

Yeah my bitch she bad  
All my niggas rich  
I got work for cheap  
Damn I feel like Meech  
Two-toned wraith  
On some big feet  
I fucked her to sleep  
Then jumped back in the streets
