

## Hymn For All I've Lost

Young Guns

Can't keep my faith held in  
Keep my mouth shut anymore  
Oh it's impossible

Where do I fit in  
When no matter where I stand I still fall?  
I'm on the outside looking in  
Looking in

Can't keep my mouth held shut  
Keep my tired eyes open anymore  
Stuck on the outside looking in

I sing the same old song  
A hymn for all I've lost
