

Hustlaz Ambition

Young Jeezy

I came so far from the bottom could'nt even see the top
just as soon as I feel the drought I'm whippen up every block
I'm a good god fearin man with a criminal mind state
ain't nobody gave a shit and that's why we grind weight
my grandma off in the church while I'm in the frigerater
in search of the baking soda right next to the mashed potatoes
she prayin for better days
I'm prayin to take this water realest in stunna-ship
put that day on my mothers daughter...

My ambitions as a hustla (I won't deny it I'm a straight hustla
. I won't deny it) (4x)

It's Mr.Trap or die yeah you'll remember me first album was a c
lassic
them critics werent feelin me
now as far as award shows we all know how that goes
so what's all the doubt about because he ain't sellin out
because he ain't givin up because he don't give a fuck
because he ain't changin up I guess he ain't lean enough
hey just know I'm savin up let you play with my sanity gives a
fuck
what you think of me unless you feedin my family
mother fuck all my enemies one time for my mini me's
listen to these niggas I bet you hear plenty me
I'm who they pretend to be the one they pretend to do
see me I'm a hustla I do what my hustlaz do...

My ambitions as a hustla (I won't deny it I'm a straight hustla
. I won't deny it) (4x)

Might not just be the best just know I plan to be
I refuse to let suckers win but that's just the man in me
look it could be the G in me these niggas ain't seein me
unless they see me in traffic in somethin topless and drastics
I say I grind like there's 10 of me
I swear to god there's just one of me look I know I ain't there
yet
just know that I'm gonna be I could'nt wait to see
the day I could change where my momma stay...
I put the B.S. BEHIND ME...
THERES TOO MUCH MONEY IN FRONT OF ME...

My ambitions as a hustla (I won't deny it I'm a straight hustla
. I won't deny it) (4x)
