

## Dialing Darling

Young Knives

Got to feed the human nature  
Got to be a true jet setter  
Got to feed the human nature  
Got to be a real go getter

I've had my fill, it made me ill  
And now I see  
That you and me were meant to be  
A tragedy

Got to feed the human nature  
You must pursue the grand adventure  
Got to feed the human nature  
You got to lead the life God gave you

I've had my fill, it made me ill  
And now I see  
That you and me were meant to be  
A tragedy

Dialing, darling, dialing my darling  
Dialing, darling, dialing my darling

Well, I am dialing, well, I am dialing  
On the telephone, on the telephone  
On the telephone, on the telephone  
I'm going to call you up  
We're going to have a conversation  
I am dialing

I think I love you  
What am I so afraid of  
So what am I so afraid of  
I'm going to call you up  
I'm going to call you up  
I'm going to call you up  
I'm going to call you up

I've had my fill, it made me ill  
And now I see  
That you and me were meant to be  
A tragedy

It's a scam and it's run by a man with a gun  
And you know that he's never gonna let you have fun  
It's a scam and it's run by a man with a gun  
And you know that he's never gonna let you have fun
