

# Nameless One

## Young Love

What kind of light will bring us all together?  
When it gets dark we'll only have each other  
So take hold of the closest thing to  
What you want and don't let go  
What would they say if we could escape and spend tonight?  
Like it's the best of our lives

Cast your fears away  
Save your worries for another day  
Come with me, I promise you won't be the same

I want to be with you, come with me  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?

I want to make you feel like I do  
I want to show you the world  
Don't want to wait too long and miss our time to decide  
Take a breath and ask yourself  
Is it worth it to take this chance with me?

Cast your fears away  
Save your worries for another day  
Come with me, I promise you won't be the same

I want to be with you, come with me  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?

I don't want to wait too long and miss our time to decide  
Take a breath and ask yourself  
Is it worth it to take this chance with me?

I want to be with you, come with me  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?  
(Don't wanna wait till tomorrow)  
I want to be with you, will you come with me?

I want to be with you, come with me, yeah  
I want to be with you, will you come with me?
