

# Streets Ain't The Same

Young Scooter

The streets will never be the same again  
Nobody wanna go to jail no more  
The streets will never be the same again  
For what is all they put the trap too slow.  
The streets don't change, nigga telling name,  
Keep it low key if you got cocaine  
And I'm just trying to get my paperwork  
But I ain't trying to be no nigga paper work.

You niggas get caught with bricks  
And don't even do a thing  
You nigga rap I'll, next time they turn gay  
I'm in the trap still, I push a lot of weight  
A nigga caught what is all in a year and that's okay.  
I get caught when it's all a thirty day for day  
Ask be fake so beats a lot of rappers in the way  
I teach you how to cook the dope rap and then say yay  
You made the wrong move, won't see your family another day.

The streets will never be the same again  
Nobody wanna go to jail no more  
The streets will never be the same again  
For what is all they put the trap too slow.  
The streets don't change, nigga telling name,  
Keep it low key if you got cocaine  
And I'm just trying to get my paperwork  
But I ain't trying to be no nigga paper work.  
Nobody wanna go to jail,  
Every nigga don't wanna no bail  
So what they mean they know but they don't tell

Have the niggas switching numbers  
Got fans pulling up in them homes  
I don't know you, nigga  
I told them niggas I'm working at patchwork.  
Take a brick, put it together, call that patchwork  
Give my shit, a hundred percent shit, we can matchwork  
No more ready, use my wrist, let's see if that work  
And I always gotta keep protection  
You're protected by police, witness protection.

The streets will never be the same again  
Nobody wanna go to jail no more  
The streets will never be the same again  
For what is all they put the trap too slow.  
The streets don't change, nigga telling name,  
Keep it low key if you got cocaine  
And I'm just trying to get my paperwork  
But I ain't trying to be no nigga paper work.
