

# Truck Loads

Young Scooter

Yeah nigga  
One of a kind  
Ain't nobody like black migo

All I'm thinking get my grandma off that dirt road  
All I know is get all my niggas out the hole  
My partner got a L still jigging down the road  
I got clientele and I G without a phone!  
I got truck loads, I got truck load  
I got truck loads, I got truck load  
Let's go!

I got hot stoves, tan dope  
It was water whipped but I hit it with the Coca Cola  
Let's go!

Word on the street, young scooter signed to Future  
Word on the street, young scooter signed to Gucci  
Word on the street, what the fuck is Scooter doing?  
Getting street knowledge from every angle I've been  
doing!

I drop a album, five dollas off a cd  
You used to be a boss, now you hood memories  
All year around, I just jugg Christmas trees  
My partner got a plug, but he really wanna fuck with  
me!

They took a lose gamble and tryna play it backstreet  
He know I'm a roadrunner run I'll back like track lead  
I could get it to your door, but this gonna cost a tax  
fee  
Get me a million dollars you see three trucks a week

All I'm thinking get my grandma off that dirt road  
All I know is getting all my niggas out the hole  
My partner got a L still jigging down the road  
I got clientele and I G without a phone!  
I got truck loads, I got truck load  
I got truck loads, I got truck load  
Let's go!

I got hot stoves, tan dope

Let's go!

I got truck load, I got truck load  
Express way, oversize load  
I got jugg houses with no doors  
Every room in it got a gold stove  
Fuck the plug money up I bought it for my grandma  
I paid them back and read up not answerin the phone

Every truckstop in my city, yeah I own all of 'em  
Every real nigga in Atlanta, I know all of 'em  
I got truck loads, I make four fours  
What you need, nigga? that's a ten foe  
I got plug numbers, boy your trap slow  
Truck loads, free bank roll

All I'm thinking get my grandma off that dirt road
