

# Daydreamer

Young the Giant

It's a full moon at midnight  
Running fast out of time  
It's a feeling you can't describe  
Floating past the pale skyline

And you look reflective  
But you're so disconnected  
Just think about it  
What's really on your mind?  
For you I would steal time  
Suspicion, suspicion

You're a daydreamer oh oh  
And it's the same thing over and over  
We're running for our lives  
In a slipstream  
You wake up someday  
And realize  
You were dreaming of a life  
You forget, you forget

It's so affected  
That color corrected night  
But you're falling fast  
Through plastic skies  
And you look reflective  
So disconnected  
It's not real life

Open your eyes and breathe  
Everything's in its right place  
But nothing in gold can stay  
Just tell me you know my face

You're a daydreamer oh oh  
And it's the same thing over and over  
We're running for our lives  
In a slipstream  
You wake up someday  
And realize  
You were dreaming of a life  
You forget

When the moon was high  
You couldn't describe  
Our lucid sky  
We just might die  
But we feel so alive

You're a daydreamer oh oh  
And it's the same thing over and over  
We're running for our lives  
In a slipstream  
You wake up someday  
And realize  
You were dreaming of a life  
You forget
