

Home of the Strange

Young the Giant

Land of the free, home of the strange
From shining sea to mountains grey

Didn't get your number
Couldn't catch your name
But you got me under
Girl, you've got me tamed
Do what you want to
Do what you please
You are the Queen of the ocean
Her majesty

Land of the free, home of the strange
From shining sea to mountains grey
From amber waves of fame, I will not change
Can't put me in my grave, in my grave

I crave your wonder
I shout your name
Feel the fist of thunder
Electric rage

Do what you want to
Take what you need
Let me live in the moment
Let freedom be

Land of the free, home of the strange
From shining sea to mountains grey, hey hey
From amber waves of fame, I will not change
Can't put me in my grave, in my grave

In my grave
Can't put me in my grave, in my grave
You can't put me in my grave, in my grave
Can't put me in my grave, in my grave
