

Shake My Hand

Young the Giant

I'm telling you I'm okay
You're telling me there's no way now
You're words evaporate

I'm at home I'm watching TV
You think you know what I see now
Life ain't silver screen

Cuz I'm way down deep in the dirt
But oh, baby
I make the best of the hurt

Don't wait for me
My life
Ain't worth your worries

Or Stay with me
My love

I'm telling you I'm okay
You're telling me there's no way now
Don't play me for a fool

Being alone really ain't that bad
Do you think I'm really that sad
Oh no!

Cuz I'm way down deep in the dirt
But oh, baby
I make the best of the hurt

Don't wait for me
My life
Ain't worth your worries

Or Stay with me
My love

Hey! (10x)

Oh oh oh oh, wo oh oh
