Fuck nigga, you a rat, you got whiskers
You full of it, I'm an emperor

Rap around his chest like spenders
Then open up like it's Christmas
Live life, a number 7
I'm not Mike Vick, but I'm a G
Like 1000, speaking 1000
I spend 1000, on my trousers
Smoking white boys, eight milers
In the mountains is where they found us
I pray the critics stay behind us
And we ain't gay anyway
Only ladies can climb us
I pull through your set, you hear cops, you hear bust
You hear sticks, you hear tecs, we shoot heads, we shoot necks
M16, they come through the vest
And they come for your soul and they come for your flesh
They turn white a mess
We tryna hit you, a knife on your leg
We come in the noon, we come in the morning
We try leave you sick like you just caught pneumonia
I redo your hair, but not with I dive in your bitch, I might have a c
owbunga
I wet up your block like my mama's tsumani
No sperm, but I'm selling everything coming
Booker T Washington, it's history
Your nickname Scooby Doo, cause you's a mystery
Let my nigga wrapper rap em like a cypher
