

## But I Want

Young Thug

I done grinded, I done grind, I wasted time, I've been to jail  
I been to hell, did everything that I want  
My baby mommy stopped beefin' about me  
I can't help all of y'all, I want millions and everything that I want  
My OGs that believe in me and and achieve with me  
Oh yea, everything that I want  
Everything, but I want, everything that I want

Ha, you gon' miss this purse, you gone be best friends  
All your doin' is flexin', give me my necklace  
Who the fuck you textin'  
When I met you, you was nothin', you was nobody nexts  
You was nobody prizes, now you a contestant  
And you a lil messy  
But I'mma clean it up for you  
You think I'm slow so I'm gon' speed it up for you  
I'mma put on my homie, he gone beat it up for you  
I'm gone fuck your cat outta you  
Why not your shit they can miss with my 2 hey  
Bitch thinkin' I'm blue, really I'm red  
I freestyle every time, how I do that?  
Just get on the back of this beat like you got paid

I done grinded, I done grind, I wasted time, I've been to jail  
I been to hell, did everything that I want  
My baby mommy stopped beefin' about me  
I can't help all of y'all, I want millions and everything that I want  
My OGs that believe in me and and achieve with me  
Oh yea, everything that I want  
Everything, but I want, everything that I want

I believe I can and then cut your lights  
Young TI, you can have whatever you like  
Yeah, we on the plane so we can take our flight  
Let's travel to LA so we can take a hike  
But if she screaming I'm feelin' like Ike  
And yea I got them yopsters so you should fright  
Unless it's Fri-day the thirteenth  
Thousand dollar links, winter time minks  
Lean for the drinks, you can't even think  
Money run just like a lake, better yet a sink  
Baby, use your brain, better yet think  
Now, bend over and let me hit you on this plane

I done grinded, I done grind, I wasted time, I've been to jail  
I been to hell, did everything that I want  
My baby mommy stopped beefin' about me  
I can't help all of y'all, I want millions and everything that I want  
My OGs that believe in me and and achieve with me  
Oh yea, everything that I want  
Everything, but I want, everything that I want
