

## Run It Up

Young Thug

Have you ever seen some VVS's  
Have you ever felt like Houston Texas  
Have you went off first impressions  
Have you ever pulled up in there flexin'  
Run it up nigga  
If you ain't, run it up nigga  
You got, run it up, nigga  
You got one chance, run it up nigga  
Run it up nigga

I'm gon' run it up nigga  
I'm gon' stack my cash bitch  
Run it up now I'm not average  
I got three stripes like a fucking Simmons  
You know I cock it, I bust it at everyone around me  
Is dogs, no husky this Blood shit is real  
I'm screaming free Bloody, not Gucci not Dolph  
But you know I'm muddy  
I shoot at your hair now you got a mullet  
No drank in the air, you niggas drink tussin  
I leave out the club, I left that bitch flooded

Rain dance, rain dance, rain dance, rain dance  
She want a lil' rain dance  
She whispered in my ear and said 'No flex'  
And I whispered in her ear and said 'Yeah yeah!'

I'm a motherfucking stoner  
Catch your bitch, you know Young Thug gon' bone her  
We don't got no one but yeah they want us  
Woo, woo, woo, ya bitch  
I'm Snoop, Peewee Longway off the loop  
Red bone ridin' round with me, I call her soup  
Gold chain on me like I cut it out a flute  
I just juuged a 100 and I gave it to my homies  
I can't cry, if it ain't with it, it ain't on me  
60-inch plasmas on all my home man  
I'm riding on that Campbell like Naomi
