Young Thug

I'm a fuckin' stunna  
Ass big, Hummer  
Birds, Alge Crumpler  
Big B, stung her bzzzzz  
Slime, anaconda  
I became a problem  
OG kush, fungus  
Know me well, wonder  
Pull up on a pussy nigga in a second  
Young Thugga thuggin', pussy, Makaveli  
Left pocket lettuce, right pocket relish  
17-5, baby, sell it, Thugga!

Hop inside the coupe and drop the roof  
Cause I'm the mothafuckin' man, you dig?  
Mama give me head, nut on her brain  
And then I bought the bitch a brand new whip  
I'm a pour up mud and now I'm livin' like a pig  
Signed so many deals I think I got the best sig  
I can write, I can write  
Hear no evil, I see no evil  
I ain't kin to Wayne  
But I called the bitch and now she my mamacita  
Big diamonds on me, mothafuckas lookin' like pimples  
Don't let the fish eye fool you, bitch this a peephole  
Play with my head, I'll bust your watermelon  
Pink, I'm movin' slower than a caterpillar  
I got a hundred thousand hoes, tryna get a million  
I got a hundred thousand coupes and I don't keep the ceiling  
I'm almost at the finish and you niggas still beginning  
I got more money than Martin so I pour up more Remy  
I just got back from Jimmy Fallon, me and T.I.P. sippin'  
Four fours, tryna rob, oh no

Come play on my side, I'm a earthling in disguise  
With a foreign body, diamonds wet with no wires  
Screw that bitch with no pliers  
No charger, pussy, die  
Livin' like a mob boss, pussy nigga no I won't play  
Nigga can't stand in front of me  
I got my ice on, bitch ain't nothin' fugazi  
Vintage swag, nigga, no 80s  
And I don't speak Creole

But them niggas, they gon' look out every time I'm in Haiti  
I got more money than you and you and you and you and you too  
I ain't even cripplin' but I got a mothafuckin' clue and it's blue
