Make the work jump like a trampoline
I love my home team, they red like a beam
Check out my new shoes and they never blue
They red clues
Them niggas right there, they scared of you
So they won't hesitate to bury you
Or Bloody Mary you
And them niggas keep straps
And I hope you don't wear Nike cause you never do
Tonight I'll probably fuck nuttin' in girls
Call her Thugs world, there you go girl
Bring your home girls, long as they fuck the world
They that knock-knock, I did that natural

Always say you gettin' money like me! What dat mean?
Ridin' round foreign cars like me! What dat mean?

House sitin' on acres like me! What dat mean?

What dat mean? Dat don't mean nothin'
