

# Toxic Waste

Young Zee

Yo, I'm feeling that Musical Meltdown  
Light that shit up nigga

I write my name in Graffiti, with aluminum seizers  
Zee One... what that spell?  
Hahahha, zooooonnnneee  
Outsidaz  
Yeah niggas, clinch your motherfucking tongue  
Loon One, adelic-funk, Outsidaz yeah  
Fuck your stepchild, bust it, acid on your tongue nigga  
Lime green, bust it, with the silk smoke screen  
Yeah bust it, no brain dope less, fix your focus on the roach clips  
Bust it, yeah yeah, come down one time motherfucking YOUNG ZEE

Across seas and galaxies beating bums  
Loon One, lights, camera, action  
Break fake men to fractions, and black pins  
Point punctuations, my bombing dropping dimes in cavemen when basin  
Bring Satan  
Sucks in the blunt flim from lung, drug eardrum percussion  
To make brain waves change functions, eruptions  
Handcuffed in the substance abuse  
No escape from fine, sentencing, acid produced  
Blue Magic, Outsidaz, adelic-funk, watch the drastic  
Tones, the stones will have your...

Augghhh... uh... ahhh  
Now you will witness a MC rapping  
Off tabs and mushrooms (the mush... mushrooms)

I'm the drunk with the felt pin  
Tabs ain't helpin, in the zone I feel my skeleton meeelllitiin  
(Yeah, it's the tabs and the mushrooms, yeah yeah)  
Go all night fucking Snow White like Dokey  
My whole bedroom smells like asshole and Potpourri  
Nasty, I'll (It's the tabs and the mushrooms)  
Yeah yeah, a rabbit wants a carrot  
The rich parrot is a rap (we), now Polly wants a Townhouse cracker  
My brains lifted, drift and splifted  
I'm liquid like Atlantic Pacific  
Ulysses, Seven, Alvin, Khalil Fishes  
This is all my aliases  
In the movie theatre, a pound of hash  
Lady sings the blues or Shafts  
Boots and Boxes alone  
A real cool place, writing raps  
Rats blowing on my two shoelace  
I wanna come down, lit the acid and leave me alone  
Let me click my boots three times and come home  
(Yeah, it's the tabs and the mushrooms)  
But now I'm back, hittin  
All forbidden kitten strapped with my mitten  
Your whole click can suck my sick while I'm shittin  
Boy, Young Zee and Loon on a tune  
I'm unloading my Uzi, woozy off booze  
(Yeah it's the drugs in my body... and the BEER)  
The scrambled eggs is my brain frying

The King Lion on Mount Zion, high and ready to pump iron  
(Yeah it's the tabs and the mushrooms yeah yeah)  
I steal massive amounts of corruptions in the ocean  
And cause an explosion on all the boats floatin  
(Yeah, yeah it's the tabs and the mushrooms yeah yeah)  
My brains on drugs, no I'm dying  
My brains on drugs, no I'm dying  
My brains on drugs, no... let me come down
