

# Last Time

Youngblood Hawke

I wrote a letter to my generation just to say  
You don't get a second chance to make the same mistakes  
that break our bones 'cause we already kno-o-ow  
There's a place between the trenches when the bullets fly  
That'll take us to the tunnels, we don't need to find  
our way back home 'cause we already kno-o-ow

(This is the last time, this is the last time,  
this is the last time, this is the last time)

I turn to you now while the cliffs are falling  
Into the sea, when the world comes crawling  
Follow, get down, 'cause there's nothing back there  
This is the last time, this is the last time

Turn out the lights while tomorrow's leaving  
Don't take your time when the world is leaving  
Follow, get down to the waves 'cause we know  
This is the last time, this is the last time now

This is the last time, this is the last time now  
This is the last time, this is the last time now

You never think the bitter winner's gonna call your name  
Disappeared into the dark, I watch your tail lights fade  
away so slow, but we already kno-o-ow  
There's a window with a view, but it's broken into two  
It's the only way to get back to the last time that you show  
And I can't let it go-o-o-o

I turn to you now while the cliffs are falling  
Into the sea, when the world comes crawling  
Follow, get down, 'cause there's nothing back there  
This is the last time, this is the last time

Turn out the lights while tomorrow's leaving  
Don't take your time when the world is leaving  
Follow, get down to the waves 'cause we know  
This is the last time, this is the last time now

This is the last time, this is the last time now  
This is the last time, this is the last time now

(This is the last time...)

I'll break it out  
From the shaken ground  
'Fore I make it loud  
From the shaken  
All around, around...

Turn to you now while the cliffs are falling  
Into the sea, when the world comes crawling  
Follow, get down, 'cause there's nothing back there  
This is the last time, this is the last time now

Turn out the lights while tomorrow's leaving

Don't take your time when the world is leaving  
Follow, get down to the waves 'cause we know  
This is the last time, this is the last time now

This is the last time, this is the last time now  
This is the last time, this is the last time now
