

be there when I need a shoulder
when I need a heart
when I need to feel the beat
beat of my heart
let the road give me
.. to know it's the way
said I know it's the way
don't worry ..
don't worry too much
there'll be another day
you see some things still remaining
a lot of changing
don't dare stop changing

sometimes you shine
sometimes you fall
sometimes you know
sometimes you need
someone to hold
something that's real
never alone
until you can feel
the life in your soul

be there when I need a stranger
when I need the beating of my heart
beating of danger
take you the way you want to go
I don't want to show you
you can find your own way
find your own way
there's nothing written down
nothing here to tell you
nothing to tell you to turn around
I see you hating
don't want to see you hating

sometimes you shine
sometimes you fall
sometimes you know
nothing at all

want to see you shine, shine, shine like I know you can
want to see you shine, shine, shine like I know I am

sometimes you shine
sometimes you fall
sometimes you know
sometimes you need
someone to hold
something that's real
never alone
until we can feel
life in our soul

want to see you shine, shine, shine like I know you can
want to see you shine, shine, shine like I know I am
