## **Return To Reality**

## **Your Memorial**

Brothers and sisters take a look around at this polluted perver se world we live in

What is the latest fashion? What's the latest trend?

On your list of priorities these shouldn't even make the top te  ${\tt n}$ 

So what's going to be next? I think we all just need to take a step back

Take a step back take a look to see what's really going on

What we can do to get the fallen on their feet

This is the death of the flesh

Lets end the separation

With all the love in our hearts

Today we stand united

Just when you thought you had it all together

Someone came behind you and pulled the rug from under your feet How does that make you feel?

How could their impudence make you want to turn the other cheek What's done is done just set it aside turn from their ways take back your life

Animosity has crowded the streets we walk

Deception has poisoned the air we breathe

Return to reality this is no longer your carefree fantasy

Lift up your heads O ye gates so we can see
